

Professional Technician's Kit

The essential tools for the wiring closet
in a convenient belt clip holster.

FEATURES

- This handy holster has just the punchdown tools you need—and keeps them within reach.
- Includes virtually everything you need to punch down cables in one handy holster you can clip to your belt.
- The Punchdown Tool features finger grips and nonslip cushioned sides for comfort. It also provides blade storage, and includes a multiuse spudger and a built-in pick and hook.
- Multipurpose cutter/stripper can be used on 4-, 6-, and 8- conductor flat satin cables; UTP/STP data cables; 25-pair data and phone cables; multiconductor round cables; and 14-8 AWG wire.
- Ergonomically designed scissors feature serrated blades for easy cuts and a built-in wire stripper.
