

BONITO

POWER GROMMET

WireRun

ASSEMBLY INSTRUCTIONS

TOOLS NEEDED:

Jig Saw or Hole Saw

IMPORTANT: ALWAYS WEAR SAFETY GLASSES WHEN DRILLING OR CUTTING

MAKING THE HOLE

- 1 Decide where you would like to install the Bonito Power Grommet on your desk, furniture, table or other surface.
- 2 Use the hole-cutting template on the back of this page or your preferred method to mark cutting guidelines.
- 3 Using a hole saw or jig saw, create a 4.21" (107mm) diameter hole.

INSTALLING THE BONITO POWER GROMMET IN THE HOLE

- 1 Attach the two metal clips onto the both sides of the unit by inserting the clips into the slots as shown.

Note: the clips are also available in the provided hardware kit.

- 2 Bend the clips on both sides before the installation.

Hole Cut Size = 4.21" (107mm)

Choking Hazard:

Keep small parts and plastic bags away from children.

- 3** Place the cord in hole first, then set the entire unit (with both clips) into the pre-cut hole of the desk, furniture, table or other surface.

- 4** Installation is complete.

OPERATION

To flip the Bonito Power Grommet up and down, simply slide the button and it will lock into place.

Product Warranty: Wire Run warrants its product for period of one year from date of purchase. We will repair or replace any product found to be defective in material or workmanship during the warranty period.
