The **WASP** (Walkway Access for Special Purposes) **AMS** The WASP (Walkway Access for Special Purposes) AMS is the latest in special access ramps for cable protector systems. Yellow Jacket, Inc. introduced the first ADA compatible access ramps for cable protectors with the WASP Dropover.

This systems are compatible with Yellow Jacket Classic, Yellow Jacket AMS and other cable protectors that use a dog bone connector.

ADA Compatible

The WASP®AMS® is fully compatible with all ADA guidelines including ramp angle, avenues of approach, slip resistance and non conductivity. It displays the ADA "wheelchair" symbol. WASP AMS's are the only special access ramps made in high visibility yellow with blue side ramps

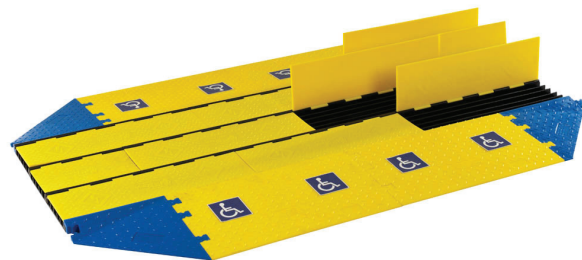

BarrierFree AMS™ Access

(U.S. Patent # 7,595,450)

The unique BarrierFree AMS™ side ramps of the WASP®AMS® provide barrier free access from all avenues of approach. This innovation:

- Eliminates the needs for side rails and the trip hazard they create
- Provides a wide angle of approach for pedestrians, carts and forklifts

Easy Access for Wheelchairs, Carts and Forklifts

- 4.8 degree ramps allow easy access for wheelchairs, carts and dollies
- Rugged enough to handle forklift traffic
- Slip resistant surface provides traction for pedestrians, forklifts, wheelchairs, golf carts and other carts with small wheels

Easy to Assemble and Load

(U.S. Patent # 7,385,139)

- Ramps snap quickly into place with Hipersnap® locking devices
- Center sections open for easy top loading of cables, lines and hoses

Expandable, Extremely Stable Ramp System

(U.S. Patent # 7,592,547)

- Connect several WASP®AMS®s together to form a ramp as wide as needed
- Hipersnap® locking devices ensure stable connections

WASP®AMS®

Compatible with Broad Range of Cable Protector Systems

The WASP®AMS® is compatible with the following cable protector systems:

- Directly interfaces to the Yellow Jacket® AMS®
- Compatible with the Yellow Jacket® “Classic” and other cable protector systems that use the dog bone connector.*

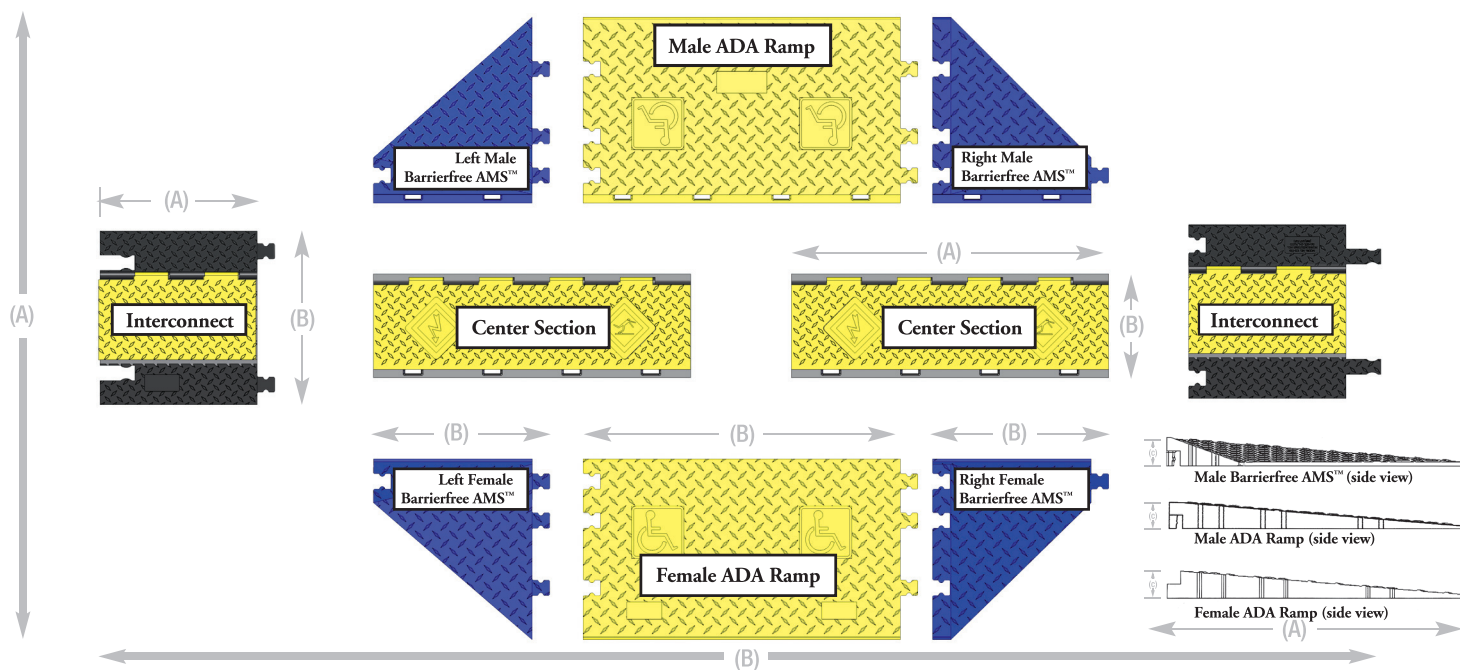

*Requires a Yellow Jacket AMS Transition™.

Very Durable

- Made from high strength, cast molded polyurethanes using Yellow Jacket, Inc.'s proprietary Castathane® process. These materials have been proven in over 25 years of use. Available in heavy duty Durathane® or extreme duty Hiperthane®.
- Resistant to oil and solvents

ADA Ramp System
